

# Blink-182, Josie

Yeah, my girlfriend takes me home when I'm too drunk to drive  
And she doesn't get all jealous when I hang out with the guys  
She laughs at my dumb jokes when no one does  
She brings me mexican food from Sombrero's just because  
(Yeah, just because)

And my girlfriend likes U.L. and D.H.C.  
And she's so smart and independent, I don't think she needs me  
Quite half as much as I know I need her  
I wonder why there's not another guy that she'd prefer

And when I feel like giving up  
Like my world is falling down

I show up at 3am  
She's still up watching Vacation, and I  
See her pretty face  
It takes me away to a better place and

(I know that everything [3x]) Everything's gonna be fine  
(I know that everything [3x]) Everything's gonna be fine

Yeah, my girlfriend takes collect calls from the road  
And it doesn't seem to matter that I'm lacking in the bulge  
She laughs at my dumb jokes when no one does  
She brings me mexican food from Sombrero's just because

And when I feel like giving up  
Like my world is falling down

I show up at 3am  
She's still up watching Vacation, and I  
See her pretty face  
It takes me away to a better place and

(I know that everything [3x]) Everything's gonna be fine  
(I know that everything) (Know that everything [2x]) Everything's gonna be fine  
(I know that everything [3x]) Everything's gonna be fine  
(I know that everything [3x]) Everything's gonna be fine

(Know that everything [3x]) Everything's gonna be fine  
(I know that everything) (Know that everything [2x]) Everything's gonna be fine  
(I know that everything [3x]) Everything's gonna be fine  
(I know that everything [3x]) Everything's gonna be fine
