

Blink-182, Mutt

He pauses shaving and he tells himself that he is the bomb
She has her curlers set, her credit cards are paying the funds
Hes not that old, Ive been told
A strong sexual goal

She goes out every day
She goes every way... oh yeah!
And they dont even care at all

Shes open waiting for more
And I know hes only looking to score
And it is way too unhealthy
Often theyve typically
Been starved for attention before

She smokes a dozen and he doesnt seem to notice the smell
He took the seat off his own bike because the way that it felt
He wants to bone, this I know
She is ready to blow

They go out every night
His pants are super tight... oh yeah!
They dont even care at all

She's open waiting for more
And I know he's only looking to score
And it is way too unhealthy
Often they've typically
Been starved for attention before

She's open waiting for more
And I know he's only looking to score
And it is way too unhealthy
Often they've typically
Been starved for attention before
