

Blink-182, The Family Next Door

Oh how your mom is so inbred
Last night I caught your mother
With your brother in bed
Five arms ten legs and four toes
But when you f**k your family
I guess thats just the way it goes(x2)

But don't worry your mom's not the only one
Because just the other night I caught your dad
Taking your brothers temperature with his thumb
When you go to his house don't kneel or squat
Before you know it his dad will tie your dick in a knot
With his tounge
