

Blonde, All Cried Out (feat. Alex Newell)

When you wake up ...
Long gone
Made a great escape
Took my heart and run
There's no eternal
No
Bridge is down
Phoenix burnt in flames

Coz, boy I'm All Cried Out over you
All Cried Out burn it up
burn it up, burn all my tears away

When you wake up baby
No sign
No one left to kiss when you turn around
I'll leave my heartbreak in the dark
Hold in your bed
With every tear I share

Coz, boy I'm All Cried Out over you
All Cried Out burn it up
burn it up, burn all my tears away
