

# Blood, Terroraise

Welcome to the TERRORAISE  
The movies weren't enough  
You got sick of all the fakes -  
And now you want some blood  
Pick up your hero place your bets -  
I wonder who will die  
TERRORAISE - life is so cheap  
TERRORAISE - you must stay on your feet  
Smell the sweat taste of blood - in your movie seat  
Think of what the future holds -  
When death is the retreat  
Kids will grow up fat on violence -  
Murder is the norm  
And you'll be in the picture-show-  
Like just another pawn
