

# Bloodbound, Tabula Rasa, Pt. 2 (Nothing At All)

What makes us escapes us  
While under its thrall  
What gives and what won't?  
To each and to all  
Don't get me started  
There's always a war  
Feeding you fear  
All that you fear  
We're out there alone  
Looking for answers  
It's so hard to believe  
In nothing at all  
Tabula rasa  
Take me now  
Have mercy on my soul  
Don't you know?  
Tabula rasa  
Take me now  
Oh, take me  
Don't you know?  
Break in and enter  
We've been here before  
Dig ever deeper  
Through dirt covered floors  
Do me a favor  
Just so we're clear  
Don't let me near-don't let me near  
Just leave it alone  
There's nothing to find  
It's so hard to believe  
in nothing at all
