Bloody Mess, Dear Son

Take
All I got
And have no remorse
For the things I'll have lost

Learn to live
Off of me
And never regret
That you're my family

Drain
All my strength
I see me in you
And now you are my faith

Make me proud Like no one I am all you need Am I not dear son?

When you lie awake
In the night I'll be there
Trying to remind you
Of the bond we both share
I give you so much
It's almost not fair
That all that I get
Is a terrified stare

Why Do you break? And why do you quake When your hand I take

Why d'you cry I can see And why d'you blame me We're the same family

No Don't despair Life might not be fair But we will take care

We'll survive Beat them all It's us – you and I Our eternal bond

Lies (lies) all lies There is no crime I am love, I am joy I am all to this young boy Lies (lies) all lies

Koniec Take all that I have Have no remorse I love with all my heart My dear son
