

Bloom 06, Here We Are

In these times where money glows
for the prize the mind blind folds.
In this race to disgrace the vanishing of faith.
Take your seat to nowhere
and forget who brought you here.
Call my name,
use your brain
to unveil the truth again.

Here we are shining stars
were glowing in the dark.
Here we are
Shining stars
Shining stars.

Here we are shining stars
were glowing in the dark.
Here we are
Shining stars
Shining stars.
Here we are shining stars
until the night is gone
Here we are
Shining stars
Shining stars.

In these times where money glows
for the prize the mind blind folds.
In this race to disgrace the vanishing of faith.
Take your seat to nowhere
and forget who brought you here.
Call my name,
use your brain
to unveil the truth again.

Here we are shining stars
were glowing in the dark.
Here we are
Shining stars
Shining stars.
Here we are shining stars
until the night is gone
Here we are
Shining stars
Shining stars.

Here we are shining stars
were glowing in the dark.
Here we are
Shining stars
Shining stars.

Buried dreams for the rain
will not come back your way.
Dont sit down if you can dance
dont throw away your chance.

Every touch and every smile
makes the meaning of your time.
Every breath has an end
but what counts is how its spent.

Here we are shining stars

were glowing in the dark.
Here we are
Shining stars
Shining stars.
Here we are shining stars
until the night is gone
Here we are
Shining stars
Shining stars.

In these times where money glows
for the prize the mind blind folds.
In this race to disgracetheres the vanishing of faith.
Take your seat and go nowhere
and forget who brought you here.
