

# Blue System, 6 Years, 6 Nights

I wait six years - I wait six nights  
Wind this rope - a second chance  
I call your name like in a trance  
I'll run to you - I would die for you  
Divided hearts - divided soul  
I'm burning in a flame of hope  
I'll run to you - I would die for you  
You can run - you can hide  
Love is like a lie  
Can't you see ?  
I wait six years - six nights for you  
I give my heart, my pride - that's true  
I'll wait - I'll wait till I need you  
I'll wait - I'll wait my dreams come true  
I wait six years - six nights for sure  
I give my heart - no fight before  
I'll wait - I'll wait down in the flame  
I'll wait - I'll wait see you again  
I wait six years - I wait six nights  
A missing heart - a lonely sky  
Above the clouds - I hear the cry  
I'll run to you - I would die for you  
A friend you win - a friend you lose  
But baby take a broken fool  
I'll run to you - I would die for you  
You can run - you can hide  
Love is like a lie  
Can't you see ?  
Please forgive my heart  
Please forgive my heart
