

Bmayzee, Me and My Dirt Bike

[Chorus]

Riding down a dirt road, just me and my dirt bike
Throwing fat whips, it's just me and my dirt bike
Winning every race, it's just me and my dirt bike
Me and my dirt bike, it's just me and my dirt bike
Riding 'til it's night, just me and my dirt bike
Cleaning people out, it's just me and my dirt bike
I don't need anyone, just me and my dirt bike
It's just me and my dirt bike, just me and my dirt bike

[VERSE]

All of a sudden the crowd gets silent
Just me and my dirt bike I'm riding
No home [?] I'm by myself
Every whip feels like I'm flying
Slowing down feels like I'm dying
And I'm screaming gear her up
2-stroke for life and the heart of a lion
I just wanna make love to the track
The dirt looks like brown sugar
And this might be my last ride
I got a pin and I'm throwing one footers
No podium when I'm done
And I can't forget where I'm from
I'mma ride for the love, for the fun
Moto life, we are one

[Chorus]

Riding down a dirt road, just me and my dirt bike
Throwing fat whips, it's just me and my dirt bike
Winning every race, it's just me and my dirt bike
Me and my dirt bike, it's just me and my dirt bike
Riding 'til it's night, just me and my dirt bike
Cleaning people out, it's just me and my dirt bike
I don't need anyone, just me and my dirt bike
It's just me and my dirt bike, just me and my dirt bike

[VERSE]

Eleven eleven eleven, I'm seeing things, is that you Josh?
(That you Josh [x3], that that you Josh)
I feel like I lost my heart
(lost my heart, lost my heart)
Even-though there's more to moto life than just moto life
Winning titles, felt like gold
(felt like gold, felt like gold, felt felt like gold, felt like gold)
There's nothing like pinning dirt bikes
(Dirt bikes [x3], dirt dirt bikes, dirt bikes)

[Chorus]

Riding down a dirt road, just me and my dirt bike
Throwing fat whips, it's just me and my dirt bike
Winning every race, it's just me and my dirt bike
Me and my dirt bike, it's just me and my dirt bike
Riding 'til it's night, just me and my dirt bike
Cleaning people out, it's just me and my dirt bike
I don't need anyone, just me and my dirt bike
It's just me and my dirt bike, just me and my dirt bike
