

Bob Schneider, Better

To feel your poison tongue your
winter lips upon me
To stain the floor with our bodies nothing could be

...better

Baby so close to heaven
do you like the way I dance I'm dancing for you
and all I need is for you to make me feel

...better

For if you drop me on the ground
I don't know if I would bounce back or breakdown
don't think I could feel any

...better

All I want is a little more.
All I need is your correction.
All I have is nothing could be & nothing will be
