

Boiler Room, Patience

Open my eyes to reality, it ain't hard to see now
I look around and tell you what I saw
Tried to take my mind away. question my insanity
Can it wait, can you make it wait
I don't wanna wait, I don't wanna wait
I don't wanna no more

They will deceive you; they will deceive you everytime

Patience, waiting
I can't handle it
No more saving
This rage that's within

You can't fake your own insanity, listen what I say now
You can defy all the powers that be
Faith in yourself now, is the only way how
Can it wait, can you make it wait
I don't wanna wait, I don't wanna wait
I don't wanna no more

They will deceive you; they will deceive you every time
Patience, waiting
I can't handle it
No more saving
This rage that's within

I can feel it deep within
Now it won't be long now

Then where do we go
Who even cares
'Cause now you're there

They will deceive you; they will deceive you everytime

Patience, waiting
I can't handle it
No more saving
This rage that's within

You never believed in me
Now you mean nothing to me
