

BOKKA, Blood Moon

Let it all out and be somebody
I hear what they say
But I can barely stand
What's happening?
If tomorrow never comes
Will I be free or stuck for good?

Blood moon
Take me with you
Blood moon
I'm not scared
Blood moon
There's no reason
Blood moon
For me to stay

Everyone knows: bad heart means bad blood
I can't change the past
The future can't last
Blood moon take me with you
Blood moon I'm not scared

Blood moon
Take me with you
Blood moon
I'm not scared
Blood moon
There's no reason
Blood moon
For me to stay
