

Bombay Bicycle Club, Beg

Feeling heart beats steal my lovers sound
When I thought my soul burnt out
Oh, I beg you come back
I beg you come back
I beg you come
Make it out of there and say you feel it, now

Want you to feel it, breath it,
Let it take you down
Take your time, don't throw it out
Oh, I beg you come back
I beg you come back
I beg you come
Just get out of there and say you need it, now

Won't you come pass the time?
Lay your head toward the more she left behind
Appease my mind
So it's just this once
It's all I want

I know I'm stealing love and trading out it's light
I'll find my hopes some time
I beg you come back
I beg you come back
I beg you come
Just get out of there and say: You needed mine
Won't you come pass the time?
Lay your head toward the more,
She left behind
Appease my mind
Let the heart decide
C'mon face this side
So it's just this once
It's all I need
It's all I ever want
