

# Bon Jovi, I Believe

All I know is what I've been sold  
You can read my life like a fortune told  
I've seen the dream, there's no land of Oz  
But I got my brain and I got a heart  
And courage built I won't let go  
What we need right now is ....soul

I can't do this, you can't do that  
They feed us lines but I won't act  
And all good things will come to pass  
But the truth is all you have to have  
And would you lie for it?  
(Do you) cry for it?  
(Would you) die for it?  
Would you

I believe, I believe  
With every breath that I breathe  
You and me can turn a whisper to a scream  
I believe, I believe

You know what you came here for  
You'll pay the cost,  
like it's your cross to bear  
Are we the ones that put it there  
Would you scheme for it  
scream for it, bleed for it  
Would you

I believe, I believe  
Believe we're still worth  
The fight you'll see  
There's no hope for this world tonight  
I believe, I believe

Don't look up on your movie screens  
In record stores or magazines  
Close your eyes and you will see  
That you are all you really need

I believe, I believe  
With every breath that I breathe  
You and me can turn a  
whisper to a scream  
I believe, I believe
