

Bon Jovi, Nobody's Hero

You're afraid and it feels like you're too tired to fight
Even your heart don't know if you're still alive
Man, you never felt so all alone in this world tonight
And I, don't you know that I felt the same?

I've seen this storm, I've been through the rain
You've gotta know that I feel your pain

Don't be afraid

When you're on the edge, I will rescue you
When you need a friend, I'll be there for you

Chorus:

I'm nobody's hero

For you I'd lay down my life

Nobody's hero

But I'd tear down the stars from the sky

If you would lean on me, baby, dream on me

You can bleed on me, just believe in me

Nobody's hero

Well out on these streets

They're waiting for blind eyes to see

They're waiting for our cuts to bleed

Out here they're waiting for you and me

Well alright, alright

'Cause this time you know I ain't afraid to fight

For you I ain't afraid to die

As long as you are by my side it will be alright

When all faith is gone, I will pray for you

Just keep holding on, I'll be there for you

Chorus:

I'm nobody's hero

For you I'd lay down my life

Nobody's hero

But I'd tear down the stars from the sky

If you lean on me, you can bleed on me

Baby, dream on me just believe in me

Nobody's hero

I'm nobody's hero

But for you I'd lay down my life

Nobody's here

But I'd tear down the stars from the sky

If you lean on me, you can bleed on me

Baby, dream on me, just believe in me

I'm nobody's hero

Nobody's hero

Baby, lean on me, you can dream on me
