

# Bon Jovi, Rest In Peace

(sambora, bryan)

Voodoo woman  
I'll see you in my dreams  
Gipsy woman  
Down on lonely street  
Gipsy was a friend of mine  
In a sacred dream  
Voodoo woman magic child  
In time you will believe

Every time we say goodbye  
Our love will rest in peace  
After we make love tonight  
Our love shall rest in peace

So say a prayer and close your eyes  
Come lay your body down to sleep  
After we make love tonight  
Our love shall rest in peace
