Bon Jovi, River Of Love

(sambora)

Let me tell you a story
About body and blood
There's a fire below
Deep in the river of love
Hey pretty mama I'm just trying to be polite
I wanna make you feel the rhythm of the river tonight
And when the story is over
You'll be satisfied

Honey, honey, honey don't you understand To make you feel like a woman Makes me feel like a man

Let me take you down to the river of love Baby pull me under Make me drown in your flood Baptize my body in your river of love Wontcha take me down I wanna drown In your river of love

If you're a little lovesick Woman I got the cure Let me be your preacher And you can be my whore

I feel your heart pumpin honey don't say not I wanna dive in your river Take you down real slow And then your body will quiver And the river will flow

Honey, honey, honey don't you understand To make you feel like a woman Makes me feel like a man

Let me take you down to the river of love Baby pull me under Make me drown in your flood Baptize my body in your river of love Wontcha take me down I wanna drown In your river of love

Down, down, down let me take ya Down, down, down I wanna take ya Let me take you down to the river of love Baby pull me under Make me drown in your flood Baptize my body in your river of love Wontcha take me down I wanna drown In our rive of love
