

# Bon Jovi, Shut Up And Kiss Me

I don't wanna talk about it  
Baby wanna talk all night  
You're on your feet six days a week  
We're working nights just trying to make ends meet  
We break our backs on the killing floor  
Another guy's what's we're doing it for  
We got a lot, we don't more

Chorus:

We're rolling, baby  
Tell me when you go  
Rolling, ready  
Tell me where to go

I don't wanna watch the TV  
Wash the dishes now or pay the bills  
Don't wanna eat, don't need to sleep  
The only real meal that gives me a thrill  
Don't need no candles, you're the spark  
Don't need no matches, just a fire in the dark  
We come together and that's a good start

Chorus:

Baby, crazy  
And I know that you can't hide  
'Cause the earth anywhere  
There up on the other side

Chorus:

We're rolling, baby  
Tell me when you go  
Rolling, ready  
Tell me where to go

Baby, crazy  
And I know that you can't hide  
'Cause the earth anywhere
