

# Bon Jovi, Staring At Your Window With A Suitcase

You think you know me just because you know my name  
You think you see me 'cause you've seen every line on my face  
You want to want me just because I say that I want you  
But does it matter if anything I'm saying is the truth  
You need somebody, somebody to hold on to  
But this ain't the movies and we ain't heroes

Chorus:

Staring at your window with a suitcase in my hand  
The streetlights buzz as the cars roll by and the moon don't give a damn  
My boots just keep on walkin', but my heart don't understand  
Why I'm staring at your window with a suitcase in my hand

I said I want you, but when we woke up one of us was crying  
You rolled over and all you said was -  
"Man, I think I'm dying"  
Our song is over, this band of gold has been feeling like a noose  
You place your bets, 'cause no one thinks they'll lose

Chorus

The light of love can blind you 'til you cover up your eyes  
And you try to find the reason not to say good-bye  
It's the curse of every sailor standing on dry land  
Staring at your window with a suitcase in my hand

The night is fading, like my old tattoo  
A heart and a dagger, that says "Forever"

Chorus:

Staring at your window with a suitcase in my hand  
The streetlights buzz as the cars roll by and the moon don't give a damn  
I'm getting tired of talkin', even I don't understand  
Why I'm staring at your window with a suitcase in my hand
