## Bon Jovi, Stick To Your Guns

So you want to be a cowboy Well you know it's more that just a ride Guess you got to know the real thing If you want to know the other side Ain't nobody riding shotgun In this world tonight

And when you spit, you better mean it You got to make 'em all believe it If you're gonna be the one

Stick to your gun
Ain't nobody gonna hurt you, baby
You can go for the trigger
But only if you have to
Aim from the heart
Some will love and some will curse you, baby
And you can go to war
But only if you have to
It's only if you have to

So you want to be the big time Some people have to drag you down There's no living in the backseat If you're gonna drive through town And when you pray for independence Boy, you better stand your ground

You got to give it all you got now Or you might get shot down Fight hard until the battle is won

Stick to your gun
Ain't nobody gonna hurt you, baby
You can go for the trigger
But only if you have to
Aim from the heart
Some will love and some will course you, baby
And you can go to war
But only if you have to
But only if you have to

## [Solo]

Well, you know that I been through it I got the scars to prove it Fight hard and the Battle is yours

Stick to your gun
Ain't nobody gonna hurt you, baby
You can go for the trigger
But only if you have to
Aim from the heart
Some will love and some will course you, baby
And you can go to war
But only if you have to
It's only if you have to

But stick to your guns
