

# Bonnie Pink, Reason

Neither of us had enough money  
To take a cab.  
He asked me,  
"Can you walk ? ... yes, you can."  
It took us forever to be home.  
People might call my darling "crazy"  
But hed say,  
"Thank you, what a nice compliment"  
I think thats why i like him.

Every morning,  
I wake up earlier than him.  
Hunger, anger, or hangover causes me  
Damn headaches.  
Gallons of coffee help my  
Dizzy and digestion.  
Sorry,  
I look better in the day time.  
Thank you for your patience.

He always helps me  
Carrying bags and stuff.  
Even when hes bushed,  
He talks to me like a machine gun.  
While I'm sobbing  
He keeps saying,  
"I wish I could cry like you"  
Father, little brother and lover...  
He plays so diverse.

I was wondering about "why me?"  
Behind the door.  
He came out, before I know it and said  
"You disappeared again!"  
I know,  
Its my bad habit like a rabbit  
When I feel lonely.  
I realized, finally, all I need is not a reason.  
All I need is not a reason...but him.  
Its not a reason but him,  
But him.
