

# Bonnie Tyler, Limelight

(Alan Parsons & Eric Woolfson)

I can see the glow  
Of the distant sun  
I can feel it inside  
Maybe this day  
Could be the one

I can hear the roar  
Of the distant crowd  
They are waiting for me  
Calling my name  
Shouting out loud

Limelight  
You were all I ever wanted, since it all began  
Limelight  
Shining on me, telling the world who I am  
Oh, Limelight  
Don't let me slip right through your fingers  
There's a long way to fall  
After all the years of waiting  
I'm going to show them all

I can see the world  
In a different light  
Now it's easy to say  
Where I went wrong  
What I did right  
Holding on isn't always easy  
I am gonna change my mind

Limelight  
You were all I ever wanted, since it all began  
Limelight  
Shining on me, telling the world who I am  
Oh, Limelight  
Don't let me slip right through your fingers  
There's a long way to fall

Limelight  
You were all I ever wanted, since it all began  
Limelight  
Shining on me, telling the world who I am  
Yeah, Limelight  
Don't let me slip right through your fingers  
There's a long way to fall

Maybe the road's not easy  
I'm gonna show them all
