

# Bonnie Tyler, Tears

Such a long time ago  
Now I know  
You've woke up to find  
You were wrong  
There ain't no doubt  
Put me out  
Nearly made me blind  
You sent me a letter, brought tears to my eyes  
Tell me you've changed, after all this time  
Like a stone rolling down the mountainside  
It's over, you can't turn the tide, and it's...

## CHORUS

Tears falling about love, falling without love  
Tears falling about love, falling without love

I was glad

To be with you

Near to you

My heart can't deny

I was sad

To leave your side

Stripped of pride

When you said goodbye

For every new road there must be a friend

For every broken heart there must be a mend

And the rain only lasted so long

It's over, the thing we had is gone, and it's...

## CHORUS - INSTRUMENTAL

To tell me you've changed brought tears to my eyes

Say you've rearranged after all this time

Like a stone rolling down the mountainside

It's over, you can't turn the tide, and it's...

CHORUS-REPEAT AND FADE
