

# Bonnie Tyler, Till The End Of Time

(Giorgio Moroder & Tom Whitlock)

I remember times like this  
Memories you can't dismiss of paradise  
Looking for a way to start our love again  
Every night and every day  
We can find a better way to live all our lives  
We can be as one again  
Finally find a way to say that we know the truth

'Til the end of time we love  
Reaching for the higher ground  
'Til the end of time we live  
Giving all we have to give

Children of another time  
We lay it all upon the line  
To say I love you  
Every night and every day  
We can find a better way to say  
I love you

'Til the end of time we love  
Reaching for the higher ground  
'Til the end of time we live  
Giving all we got to give  
Giving all we got to give  
Giving all we got to give

'Til the end of time we love  
Every night and every day  
Reaching for the higher ground  
Reaching for the higher ground

'Til the end of time we live  
Giving all we got to give
