Bonnie Tyler, Too Hot

Hearts beating like a drum Like foxes on the run Nothing baby, nothing is forever It's too late to stop me now You couldn't anyhow Baby can't you see us together

Oh oh tell me baby
Oh oh tell me now - tell me now
Tell me now - baby now
Are you too hot
Can't you see it's forever
I'll sail with you the seven seas
Cause I know babe what you feel
Are you too hat
Can't you see it's forever
I say it' like a symphony
Baby you know the way I feel
Oh be my eternity
Baby come on back home - baby tonight

Reaching out to take your hand Together we will stand Not just in my arms and in my heart You know I love you so much I live my life for your touch Was it just a favourite from the start

Oh oh tell me baby
Oh oh tell me now - tell me now
Tell me now - baby now
Are you too hot
Can't you see it's forever
I'll sail with you the seven seas
Cause I know babe what you feel
are you too hot
Can't you see it's forever
I say it's like a symphony
Baby you know the way I feel
Oh be my eternity
Baby come on back to me - baby tonight
Tonight, tonight,

Are you too hot
Can't you see it's forever
I'll sail with you the seven seas
Cause I know babe what you feel
Are you too hot
Can't you see it's forever
I say it's like a symphony
Baby know the way I feel

Why are you too hot Can't you see it's forever I say it's like a symphony Baby know the way I feel

Why are you too hot Can't you see it's forever
