Bono&The Edge (Spider-Man Turn Off the Dark),

Spider-Man? Spider-Man
Enhanced genetics?
Spider-Man?
Super-human kinetics
Spider-Man?
Muscle augmentation
And look at that, web bio-generation
This, this looks like my work
It's getting out, your life's work
Your precious research getting sold
It isn't possible
Isn't it?
It's not
Or is it?
Maybe it was Kassidy, you relied on loyalty
All your staff where did they go?
And what did they take and what did they know?
Our funding dried up, they weren't getting paid
How's it feel to be betrayed?
They're leaving like rats from a sinking ship
You're losing control, you're letting it slip!
Time to get it!
You've been stabbed in the back!
Are you gonna roll over, play dead?
Or attack?
(Competition? I don't have any!)
Wake up son! Someone's cheating you!
You do have competition and they're beating you!
So fight back! (What?!)
Are you just gonna wait?
It's an arms race, boy, you can't hesitate!
We want new men!
A new breed of Marines!
Not human!
We want fighting machines!
A new species! One that's harder to kill!
And what if I won't? We'll get someone who will!
Don't just think of you
Think of God and country
Join the proud and few
Who know best for their country
Get some patriotic pride or we'll sell it to the other side!
How do we win? By living in fear!
How do we win? Get the enemy clear!
How do we win? By saying it's done in retaliation!
How do we win? By clearing them out!
How do we win? By murdering doubt!
How do we win? 'Cause we're in the right
Get in line or say goodnight!
Don't just think of you
Think of God and country
Join the proud and few
Who know best for their country
Get some patriotic pride or we'll sell it to the other side!
So deliver!
I ain't working for you
We want bigger!
That ain't something I do
Pull the trigger! Start being a man!
Take care of business or get off the can!
Start making! And you'll be in control!
Start taking! You wanna suck out my soul?
Get funded! Or your baby won't live!
I'm gonna say "No!"

You mean "affirmative"!
Yes sir!
Hut! Hut! Hut! Hut!
Hut! Hut! Hut, two, three!
Hut! Hut! Hut! Hut!
Hut! Hut! Hut, two, three!
Yes sir!
Hut! Hut! Hut! Hut!
Hut! Hut! Hut, two, three!
Hut! Hut! Hut! Hut!
Hut! Hut! Hut, two, three!
Spider-Man!
