

BOVSKA, Long Way (O no no)

Long Way

I see very Long Way to home

Where the darkness

Seems to be far, far away

GO through dark

For rest of live

Deep bushes wounded lines

Lost in a shadows of the tress

Is it no easy to walk

O no no no

O no no

O no no no

O no no

Forrest always through climbs up the hills

Pay the way for dreams

Find the right track to the aim

O no no no

O no no

O no no no

O no no

Long Way

I see very Long Way to home

There's light up there

But very far away

So go GO through dark

For rest of live

Deep bushes wounded lines

Lost in a shadows of the tress

Is it no easy to walk

O no no no

O no no

O no no no

O no no

This is road not the way out home

Not the right track dear

Voices calling form the forest

Pushing you to go

O no no no

O no no

O no no no

O no no
