

Box Car Racer, Mandy

<i>[Live Barry Manilow Cover]</i>

I remember all my life
Rainin' down as cold as ice
Shadows of a man
A face through a window
Cryin' in the night
The night goes into

Mornin', just another day
Happy people pass my way
Lookin' in their eyes
I see a memory
I never realized
How happy you made me, oh Mandy

[Chorus]

Well you came and you gave without takin'
But I sent you away, oh Mandy
Well, you kissed me and stopped me from shakin'
And I need you today, oh Mandy

Standin' on the edge of time
Walked away when love was mine
Caught up in a world of uphill climbin'
The tears are in my mind
And nothing is rhymin', oh Mandy

[Chorus]

Yesterday's a dream
I face the mornin'
Cryin' on a breeze
The pain is callin', oh Mandy

[Chorus]

You came and you gave without takin'
But I sent you away, oh Mandy
You kissed me and stopped me from shakin'
And I need you
