

BoyWithUke, Galaxy

I wonder why
I feel I'm on top of the moon
Oh wait it's cause of you
I fill my cup with apple juice
Sunday morning watching cartoons

Baby I don't wanna go home tonight
Let me stay with you
It's 4 am, and your dads come in
(Yelling confrontation)

Cause I don't get spooked easily
Looked on tv, I swear I saw your eyes
I was watching documentaries
Of stars and Mars and planets in the sky

Have you ever wondered like I do?
And had those sleepless nights
It's when I think of you
Have you ever wondered like I do?
Wish I could fly my kite
And wake up next to you

Cause I don't get spooked easily
Looked on tv, I swear I saw your eyes
I was watching documentaries
Of stars and mars and planets in the sky
