

BoyWithUke, I Won't Let You Go

Where do we go in the middle of June
Night is over I mean what can I do
These days I'm fallin'
These days I'm fallin' over you
Where do we go in the middle of June

Woah, I won't let you go
No no no no no (I said)
Woah, I won't let you go go go

We'll be sipping lemonade we'll be fine
Don't worry about the time
We're falling outta place but I don't mind
Feeling real cold in the midst of July
Cause you're not by my side
I been a mess, but I don't think ya mine

Eyes wide don't hide
My mind can't find what's making you go home
Baby use your feelings woah oh oh
Low tides upsides
My pride has died
I tried to let you go
Baby what's your reason

These Days I'm fallin'
These days I'm fallin' over you
Where do we go in the middle of June

We'll be sipping lemonade we'll be fine
Don't worry about the time
We're falling outta place but I don't mind
Feeling real cold in the midst of July
Cause you're not by my side
I been a mess, but I don't think ya mine
