

# BoyWithUke, Nihilist

I live in the future in my head  
Wish I wasn't alone in my bed  
This is just the way it is  
Yeah this is just the way it is  
In my bedroom, I like it cold  
Got no schedule, I might say no  
My watch tells time that's two months early  
Surely, I got nowhere to go

Woahhh  
I don't want to go  
Pull me back to now  
Take away what I've got  
So I don't lose my crown

Woahhh  
I don't want to go  
Pull me back to now  
Take away what I've got  
So I don't lose my crown

These days I feel like I got more  
Than I asked for  
And more  
I got reports to go door to door  
To store thoughts beneath the floorboards  
And I could care less if worlds at war  
I'd care more if I lived in the present  
Wasn't trying to flex it  
But I'm out like the Brexit  
I want bagels and cream cheese  
Pizza and breadsticks  
I just turned 18  
And I'm nihilistic
