

# Boyz II Men, Bounce, Shake, Move, Swing

All I wanna do  
Is see your body move  
I know you want it too  
So what you gonna do

Can you smell the bass  
Take a little snare  
The look upon your face  
Shows me that you are going there

Steppin' at your best  
Clubbin' all night long  
The sweat rolls down your chest  
As you dance to this song

You want it  
You need it  
You can have it

So come on  
Go head...

Chorus:  
Bounce, All night long  
Shake, 'til the break of dawn  
Move, move that thang  
Swing, see you swang  
Bounce, up and down  
Shake, to the ground  
Move, oh so close  
Swing, don't you know

Oh, girl why you doin' that  
While I'm behind your back  
You're gonna make me flip  
And then I don't know how  
I'm gonna act

I want it  
I need it  
Gotta have it

So come on,  
come on...

Chorus

Bridge:  
If you want it  
Come and get it  
You can have it baby  
If you need it  
Won't you shake it  
Like you want it baby  
You know I want it  
Can I have it  
Can I get it baby  
You make me want it  
Cause I see it when  
You bounce it baby

Chorus

Vamp Out
