

# Boyz II Men, I Do

hooo ooo oooo ooooo yea yea yea  
I'm telling the world here and now,  
That I'm gonna love you and love you  
I take this vow  
You captured my heart  
So long ago  
Still there are some critical things  
That you should know  
yea yea yea yea

Do I give all I have, to be now and forever your man  
Do I take you to be, without question the woman for me  
Do I swear on my life, we'll be happy as husband and wife  
Do I promise you  
I do  
Do I promise you  
I do

This love has been worth, worth waiting for  
'Cause love doesn't matter to me if its not yours  
As we become one through and through  
I dedicate all of my life to loving you

Do I give all I have, to be now and forever your man  
Do I take you to be, without question the woman for me  
Do I swear on my life, we'll be happy as husband and wife  
Do I promise you  
I do  
Do I promise you  
I do

To have and to hold, while passions unfold  
I promise a life you wont regret  
For better or worse  
No one can reverse the way that I felt since we met  
And you ain't seen nothing yet

(Girl) Do I give all I have to be now and forever your man  
Do I take you to be, without question the woman for me  
Do I swear on my life we'll be happy as husband and wife  
Do I promise you  
Do I promise you  
I do  
Do I promise you  
I do
