Baby let me tell ya about how I feel  
This urge is seizing me controlling it's unreal  
Uhh ahh baby, I wanna let you know  
You got me yearning, so baby let me show

## Bridge

Oh, I want you baby, gotta let you know I need ya here with me  
Right here and nowhere else, honey  
This ain't the right way, gotta find another way to earn your love  
Just give me a clue cause you know

## Chorus

Sympin' ain't easy, get on your hands and knees and lift your eyebrows  
Sympin' ain't easy, and if you wanna get you know you gotta be willing  
To cry and beg and plead on your knees

Pardon my expression (you're excused)  
But the feeling I have is so strong  
I guess you know thsi isn't easy to do  
I keep trying and trying to give my love to you
