

Brain Failure, Fun And Fight Tonight

1000's time i said my life's so fucked up tonight
not a funny story but i'm still innocent tonight
sometime shit time show up through your brain
feeling like dropped from high school
but hey man!
i get to catch all my friend for my birthday party tonight!

let's have fun let's have fight tonight!

want forget pain don't want be a loser all the time
but it's such hard to forget your shitty boyhood time
sometime shit time show up through your brain
feeling like dropped from high school
but hey man!
i get to catch all my friend for my birthday party tonight!

let's have fun let's have fight tonight!
