

BRAIN'S ALL GONE, Retarded

you are retarded and nobody likes you
even your mother and your father too
you have dirty teeth and a flat face
smelly panties and in the head space

looks at you fan of guns and roses
but you prefer shit from effeminate horses

you are retarded and nobody likes you
even Sauron and your mama too
it's like you'd take shit standing
or an airplane on your face is landing

let's go to the circus and eat guts
you'll feel like a cunt in honey peanuts
all there are strange and ugly like you
That your dreams finally come true.
clown's hangin on a string and singing a song
singin, and you think "fuck, how long?"

you are retarded and nobody likes you
even Sauron and your mama too
it's like you'd take shit standing
or an airplane on your face is landing

you are retarded
and nobody likes you
even Sauron and your mama too
it's like you'd take shit standing
or an airplane on your face is landing
