

Brandy, Sunny Day

Chorus:

What's a sunny day without you,
Just another 24 that passes by...
What's a sunny day without you,
Just another 24 that passes by...

Verse 1:

As I sit upon the grass in the shade
I reminisce on what we had
The romance that we shared strolling through the park
Two people in love walking hand in hand

But now tht you're gone
I feel so alone
All I do is think of you
Til the day you return
It doesn't mean a thing

Chorus

Verse 2:

It's funny how you learn from your mistakes
Sometimes we take things for granted
But now that I have a chance to make it right
I wanna give you, I wanna give you all my love, ooh ooh

But now tht you're gone
I feel so alone
All I do is think of you
Til the day you return
It doesn't mean a thing

Chorus (2x)

What's a sunny day
What's a sunny day that passes by (2x)

Chorus (2x)

What's a sunny day
What's a sunny day that passes by (2x)

Chorus (fades out)
