

Bratz, I Dont Care

When we met I knew then
There was something cool about you
Even though my friends didn't notice it at all
You can me all along took a walk
And started talking
We stayed out all night counting all the stars

I don't care what they say
I don't care what they do
Cuz they all fade away
When it's just me and you
Well it's more than a crush
An impossible rush
I don't care what they say
When you're there
I don't care

All my friends think you're weird
But they don't know much about you
Why we just disappear when you're hanging out with us
So your hair is a mess
They don't know how good you treat me
I pay no attention cuz I know who you are

I don't care what they say
I don't care what they do
Cuz they all fade away
When it's just me and you
Well it's more than a crush
An impossible rush
I don't care what they say
When you're there

Tell me stories paint a picture
Hang it in the sky
Tell no lies and keep no secrets
Time stands still as days go by

I don't care what they say
I don't care what they do
Cuz they all fade away
When it's just me and you
Well it's more than a crush
An impossible rush
I don't care what they say
When you're there
I don't care
