

# Breakbeat Era, Breakbeat Era

Underneath the moon, the tumult forces me to action  
'Cause I don't care what car they drive, my ministry's the men who need to play  
Underneath the moon, the tumult forces me to action, so much dross  
Try me one more time, before it's really gone forever

'Cause life was talking thru' you mister  
I'm just listening to your system  
One and one ennui makes nothing  
You and you and me makes something.

Life was talking thru' you mister  
Words to hit you like a piston  
One and one ennui make nothing  
You and you and me makes something.

Struggling with realization  
I was hoping you would do it for me  
Someone backed me in a corner  
Grimed me with some slimy stories.

Life was talking thru' you mister  
Words to hit you like a piston  
One and one ennui make nothing  
You and you and me make something.
