

Breaking Benjamin, Wish I May

Shove me under you again
I can't wait for this to end
Sober, empty in the head
I know I can never win!

Why should I have to wait
I'll just look the other way
We left this land of shiny lights
I wish I may, I wish I might
When all these dreams have come to end
You wish you were, you're not my friend!

I can see you suffocate
I can find no other way
Try to make you saturate
I can be your enemy!

Why should I have to wait
I'll just look the other way
We left this land of shiny lights
I wish I may, I wish I might
When all these dreams have come to end
You wish you were, you're not my friend!

Woah no

We left this land of shiny lights
I wish I may, I wish I might
When all these dreams have come to end
You wish you were, you're not my friend!

You said you'd love
To see the end
The long hard road
That I have been

When all these dreams have come to end
You wish you were, you're not my friend!

Blind eyes shine through
