

# Breathe Carolina, Blackout

Caught up and I can't feel my hands  
no need to chase.  
Can you relate? Can you keep up the pace like you're  
dying for this?

And when you say "I'm not okay"  
I left my phone in the cab  
now you can't get me.

I'm only getting started  
I won't blackout  
This time I've got nothing to waste  
Let's go a little harder  
I'm on fire  
I won't Blackout  
I'm on my way  
I'm only getting started

And I can't see your face  
Cigarette the wrong way  
inhale to the top of my lungs  
I've been dying for this

And when you say "I'm not okay"  
I left my phone in the cab  
now you can't get me

I'm only getting started  
I won't blackout  
This time I've got nothing to waste  
Let's go a little harder  
I'm on fire  
I won't Blackout  
I'm on my way  
I'm only getting started

I won't blackout  
This time I've got nothing to waste  
Let's go a little harder  
I'm on fire  
I won't Blackout  
I'm on my way  
I'm only getting started

This won't stop til I say so (x3)  
Going and going and going and going and go!

This won't stop til I say so (x3)  
Going and going and going and going and go!

I'm only getting started  
I won't blackout  
This time I've got nothing to waste  
Let's go a little harder  
I'm on fire  
I won't Blackout  
I'm on my way  
I'm only getting started

I won't blackout  
This time I've got nothing to waste  
Let's go a little harder  
I'm on fire
