

# Brenda Lee, Baby Won't You Please Come Home

I got the blues and I'm lonely, and I'd give the world if  
If I could only make you understand that I need you

Oh Baby, won't you please come home  
'Cause you mama's all alone  
I have tried in vain  
Never no more to call your name  
When you left you broke my heart  
Because I never thought we'd part  
Every hour in the day  
You can hear me say  
Baby, won't you please come home, come home

I'm gonna telegraph you, baby, and I'm gonna ask you  
Won't you please come home  
'Cause you know when you're gone I feel  
So lonely and I need you

Baby, baby, come on home  
Oh your little mama  
Your little mama's all alone  
Mm, I have tried in vain  
I have tried and tried and tried not call your name

Yes, you know when you left  
When you left you broke my little heart  
Oh because, because I never thought  
I never thought we'd part  
Every hour of the day  
Oh you're gonna hear me say  
Oh baby, yeah, baby  
You better listen to me, baby  
Now baby, oh my baby, baby, baby  
Won't you please come home...
