

Brenda Lee, Builid a big fence

Gonna build a big fence around my baby,
Hum, hum, oh yeah
Gonna guild a big fence around my baby,
Hum, hum, oh yeah
I like everything that you do,
Why honey that's why I'm in love with you
Gonna build a big fence around my baby,
So they can't steal my baby from me
I just love the way you sigh
And the twinkle in your eye
There will never ever be anyone else for me,
For me, for me, for me, for me
Gonna build a big fence around my baby,
Hum, hum, oh yeah
Gonna build a big fence around my baby,
Hum, hum, oh yeah
Holy smokes, and land sakes alive,
When he looks at me I get butterflies
Gonna build a big fence around my baby,
So they can't steal my man away from me
I just love the way you sigh
And the twinkle in your eye
There will never ever be anyone else for me,
For me, for me, for me, for me
Gonna build a big fence around by baby,
Hum, hum, oh yeah
Gonna build a big fence around my baby,
Hum, hum, oh yeah
I'll gonna build this fence up to the sky,
Just for me and my little sugar pie
Gonna build a big fence around my baby
So they can't steal him away from me
So they can't steal my baby from me
So they can't steal my baby from me
