

# Brenda Lee, Out In The Cold Again

The song that you sang so sweetly,  
You called it our love refrain  
It's gone and I'm left completely, out in the cold again  
I dreamed that our love would linger  
But just memories remain  
I gaze at a ring less finger,  
And I'm out in the cold again.

True, it hurts my pride  
To step aside for somebody new  
But deep down inside  
My whole world depended on you  
I wanted your arms around me  
To shelter me from the rain  
But now I'm back where you found me  
Out in the cold again.

Yes, I wanted your arms all around me  
To shelter me from the rain  
But now, now I'm back where you found me  
Out in the cold again, out in the cold again
