Brenda Lee, Somewhere

There's a place for us Somewhere a place for us Peace and quiet and open air Wait for us somewhere

There's a time for us
Someday, a time for us
Time together with time to spare
Time to learn
Time to care
Someday
Somewhere
We'll find a new way of living
We'll find a new way of giving
Somewhere

There's a place for us Much time and a place for us Hold my hand and we're halfway there Hold my hand and I'll take you there Someday Somehow Somewhere
