

# Brian Jonestown Massacre, Not If You Were The

and we like what you say  
you got things we should learn  
and we like what you're doing  
you got speed to burn  
and you look so cool  
and you look so fine  
and you know where we live  
come on, drop us a line

yeah, you look so groovy  
and the chicks all scream  
it's like a 60's movie  
you know the one i mean  
and you look so cool  
and you look so hot  
and you look so wasted  
and, baby, i know why

take my money □ take my time □ take my sister □ i don't mind
