## Brian McKnight, You Could Be The One

Did you say you had to leave (Can you stay the night with me) Is that the way it has to be How I hate to see you go But it's ok because I know Chrous: You could be the one I waited for You could be the one That opens up the door You could be the one I run to You could be the one You could be the one To share my nights You could be the one That brightens up my life You could be the one I run to You could be the one

Everynight I wish upon a star (Only wanna be with you) Just wanna be everewhere you are My body's callin' out your name Girl tell me that you feel the same

## Chorus

I waited like forever Thought I'd find you never I just might be done Think I found the one

Chorus
