

# Bridgit Mendler, This Is My Paradise

There's a street, there's my right, my left feet,  
There's a road of no where the ends meet.  
I've got the sun, I've got the sand,  
I've got that rock 'n' roll band,  
Here I stand!  
I've told you do in my morning comes,  
I'll be there my left hand in your right one.

Ooooo!  
This is my, this is my paradise,  
I'm at home up all I've got it by  
Let the sun on my shoulder shine!  
We can run beneath this clear piece of sky,  
This, this is my paradise!

Lemonade, summer games we remember,  
Colder days with a haze in December  
Let's get some groove  
Going through with being too cold to move,  
Sunshine is overdue.  
I'm breaking out in my summer dress, yea!  
I'm singing, I'm dancing, I'm obsessed, yea!

This is my, this is my paradise,  
I'm at home up all I got it by  
Let the sun on my shoulder shine!  
We can run beneath this clear piece of sky,  
This, this is my paradise!

Breaking the waves out on the sand  
And and I still hear that band,  
Knowing tomorrow comes I'm not scared,  
'Cause I know sunshine's gonna be there.

uuuuu!  
This is my, this is my paradise!  
This is my, this is my paradise!  
Oooo!  
This is my, this is my paradise!  
I'm at home above all I've got it by,  
Let the sun on my shoulder shine,  
We can run beneath this clear piece of sky.  
This this is my Paradise!
