

# Brighton Rock, Jack Is Back

The call of the wild  
Tales told through the age  
Yes I live for the night time  
Stalking all my prey  
Lurking in the shadows  
Pretty ladies beware  
A kiss without warning  
&#039;m your worst nightmare

Jack is back  
And &#039;m waiting round the corner  
Jack is back  
Attacking without warning

The air&#039;s growing colder  
Full moon in the sky  
Love&#039;s the means to my madness  
Still they ask me why  
I promise not to hurt you  
But don&#039;t tell me lies  
&#039;m the kind of lover  
You&#039;ve waited for all your life

Jack is back  
And &#039;m waiting round the corner  
Jack is back  
Attacking without warning

(Solo)

Jack is back  
And &#039;m waiting round the corner  
Jack is back  
Attacking without warning

The thirst of the wild  
I may strike any day  
I don&#039;t know where or when  
But I am back to stay  
A kiss without warning  
&#039;m your worst nightmare

Jack is back  
And &#039;m waiting round the corner  
Jack is back  
Attacking without warning

Jack is back  
Jack is back
